

SERVICES MENU

AVmedia is proud to be your Creative and Production partner. We provide an extensive line of leading edge Audio Visual equipment, expert Production services, and an ever-evolving list of Scenic options and Creative Services. We look forward to partnering with you to create a package tailored to your specific needs with a customized proposal, and ultimately leave your attendees with a unique and memorable experience.

OUR DIFFERENCE

We are an on-site production resource, and not your usual "in house" audiovisual company. We are uniquely positioned to be a real on-site Technology and Production partner to you.

Our customer and team first Culture empowers us to find ways to say "YES" when others typically would say "no." Our goal is to provide industry changing customer service at all times. At AVmedia, we don't think, we know...

"WE ARE AN ANOMALY."

ON-SITE CUSTOMER SERVICE EXPERTS

Our on site team of Event Technology, Creative, and Production experts are some of the best in the industry. We partner with and work hand in hand with the Hotel team to immediately begin to meet and exceed your every need. Starting with your site visit, AVmedia will answer any questions you have about the technology support needed to execute the perfect event, and partner with you and the hotel, to create and design the right proposal, conscious of your budget, and respectful of your time. We genuinely desire to be of service to you.

DESIGN AND SCENIC

AVmedia can provide detailed and true to life 3D renderings to help you realize your vision before it becomes reality. Our ever-expanding choices of scenic and set options provide a multitude of choices for you to design and deliver your vision.

CREATIVE SERVICES

AVmedia provides an extensive array of on site Creative Services options. Whether you are looking for theme development, graphic design, video editing, speaker coaching, or any of our other creative solutions, we look forward to brainstorming with you, and creating a perfect experience that clearly delivers your message to your attendees, maximizing your ROI.

EQUIPMENT

To many, equipment is equipment. But, at AVmedia, we inventory the "best in class" of each audio-visual category. From Christie projectors, QSC Concert Sound systems, low energy consumption LED lighting, to MAC computers, you can trust AVmedia's equipment to deliver your message. And, because AVmedia strategically inventories more on site equipment to anticipate your every need, you won't waste time nervously waiting on trucks to hopefully deliver last second add-ons on time.
